Product Description

EGO POWER+ Rapid Charger - CH5500

The EGO POWER+ Rapid Charger features an intelligent battery control system that monitors each cell's charge and temperature to deliver the quickest, most efficient charge. Its active cooling fan system and advanced communication with the battery support rapid charging without overheating for maximum battery life. Its rapid recharging capability ensures limited downtime with any EGO 56V ARC Lithium™ battery. It has an integrated fuel gauge that shows five charge levels in 20 percent increments. From zero, it can fully charge a 2.5Ah battery in as little as 30 minutes, 5.0Ah in 40 minutes, 6.0Ah in 45 minutes, 7.5Ah in 60 minutes, 10.0Ah in 70 minutes, and 12.0Ah in 90 minutes (all charge times are approximate). The EGO POWER+ Rapid Charger charges all EGO POWER+ 56V ARC Lithium™ batteries.

TECH SPECS

- Intelligent battery control system monitors each cell's charge and temperature to deliver the quickest, most efficient charge
 - Fan-cooled charging system prevents battery and charger from overheating
 - Integrated fuel gauge displays five charge levels in 20 percent increments
 - Charges all EGO POWER+ 56V ARC Lithium™ batteries
 - Complies with CEC requirements
 - 3-year warranty
-
