Product Description

Firman Inverter Portable Generator 2100W Recoil Start - W01784

Quiet. Portable. Easy to use. The W01784 inverter portable generator is built for fun. Safe for all sensitive electronics. Best used for camping, tailgating, and recreational use. The W01784 comes complete with an L5-30P outlet and an adapter that transforms it into a TT-30R RV Ready Outlet. When you use the included parallel cables to combine the W01784 with any other FIRMAN inverter generator these outlets supply 30AMP Power.
