### **Product Description**

## **ODES PathCross 1000 Pro L ATV**

### **CST 30" MUD TIRES**

With these CST 30" Mud Tires you could get a higher ground clearance and a better smoother riding experience.

### **TOP PLACED COOLANT EXPANSION TANK**

This design prevents excessive mud from covering the heat dissipation pads of the coolant tank which will maintain optimal engine cooling performance through seriously challenging terrain.

### **HIGHER WATER WADING DEPTH**

With higher air intake, CVT intake & exhaust, fuel tank vent, and waterproof ignition coil PathCross Mud series could wade deeper water than ever.
