Product Description

Bobcat R60P Rammer

The Bobcat® R60P rammer is easy to use and built to last, delivering precise compaction in trenches and other tight work areas where other equipment can't reach.

- Consistent ground strikes
 - Easy, toolless maintenance
 - Exceptional balance
 - Efficient soil compaction
 - Powered by a durable Honda gas engine, the R60P rammer delivers a maximum compaction performance of nearly 18 inches, depending on ground conditions.
 - Well-balanced Bobcat rammers are highly maneuverable, providing operators with the performance to confidently tackle compaction work with precision, even in tight-fitting spaces.
 - All key components are protected by a durable casing. High-quality components and protective covers keep these rammers performing day after day.
 - Maintenance is quick and service points can be easily accessed without any tools.
 - The operator's handle is adjustable for tailored comfort and is designed to provide a direct line of sight, allowing operators to work with precision, even in tight-fitting spaces.
-
