Product Description

Bobcat RP22.40 Reversible Plate Compactor

The Bobcat® RP22.40, the smallest reversible vibratory plate compactor in the Bobcat lineup, delivers great compaction results in a wide range of applications.

- Quick directional changes
 - Built to last
 - Easy to operate and transport
 - Optimum compaction forces
 - Equipped with a durable, 4.8-hp Honda engine, the Bobcat RP22.40 reversible plate compactor delivers powerful compaction forces in a small package.
 - The operator handle is designed for intuitive machine operation and minimal hand-arm vibration.
 - With optimum machine balance, the base plate distributes power evenly.
 - Continuous movement compaction and stationary work are equally productive, efficient and easy on the operator.
 - Optional features include toolless transport wheels, a rubber, slip-on mat for compaction work on paving stones, and a vibration-activated hour meter.
-
