Product Description

Milwaukee Tools M12™ REDLITHIUM™ HIGH OUTPUT™ CP2.5 Battery Pack

Our M12™ REDLITHIUM™ HIGH OUTPUT™ CP2.5 Battery Pack delivers 25% more power and runs 25% cooler than our other M12™ REDLITHIUM™ CP battery packs. This increased performance of the lithium-ion battery gives you the same power and runtime of an M12™ REDLITHIUM™ XC battery in a lighter and more compact package. The 12-volt battery pack delivers fade-free power and runs substantially cooler through demanding applications, allowing you to push your cordless power tools throughout a wide range of applications. Its compact, lightweight design allows you to work in tight workspaces and reduces fatigue. Each battery pack is durably built for heavy-duty use, runs cooler, and performs in climates below 0°F/-18°C. In addition, the M12™ REDLITHIUM™ HIGH OUTPUT™ CP2.5 is built with a resistant housing, providing increased protection against exposure to common oils, greases, and solvents found in automotive and manufacturing environments. Our M12™ REDLITHIUM™ HIGH OUTPUT™ CP2.5 is fully compatible with 125+ M12™ solutions.

- Delivers 25% more power and runs 25% cooler
 - Provides the power of an XC battery in a compact size
 - Versatility: Powers all 125+ M12™ cordless solutions
 - REDLINK™ Intelligence: Our battery circuitry provides optimized performance and overload protection using total system communication between tool, battery and charger
 - Best-in-class construction: Resistant housing designed to provide increased protection against exposure to common oils, greases, and solvents
 - All-weather performance: Delivers fade free power in extreme jobsite conditions
 - 2 Year Warranty
-
