Product Description

Husqvarna Hedge Shears - Coarse

Ready to trim your to-do list? Husqvarna's Coarse Hedge Shears are designed for overcoming unruly and rugged shrubs and bushes. Thick, drop-forged, high carbon steel blades have more than enough power to cut tough foliage. Plus, the blades can be re-sharpened or replaced for extended tool life, allowing you to rely on the Shears season after season. A molded "Husqvarna" logo in the blade adds style. Strong, lightweight aluminum handles enable easy maneuvering for homeowners and professionals alike. Anti-slip grips ensure safety and comfort while working.
