Product Description

Toro Recycler 22" Variable Speed High Wheel Mower - 21378

The Toro Recycler series is a patented cutting technology that brings an innovative mulching technique that make your clippings ultra-fine to provide moisture and nutrients that feed back into your lawn. We call these nutrient rich grass clippings, LawnVitamins™. This model features a powerful 150cc Briggs & Stratton® engine with a durable 22 inch steel deck frame for you to enjoy for years to come. The 11 inch rear High-Wheels provide increased traction and combined with this mower being lightweight makes it easy to maneuver in tight spaces. Enjoy the variable speed of this self-propelled lawn mower that will make cutting your lawn quick and easy. Best of all, no oil changes for the life of the engine. Just Top it Off.

- Durable Steel Deck - Enjoy years of reliable use from your deck thanks to its steel construction.
 - Feed Your Lawn - The ultra-fine clippings created by our Recycler Cutting System are Lawn Vitamins™, nourishing your grass.
 - Traction in Tough Terrain - Get great traction regardless of the job with lightweight and maneuverable 11 in. rear wheels.
 - Hassle-Free Maintenance - There's no oil change - ever. Just Top it Off.
