Product Description

Maruyama LB300 Landscape Blade

While cutting with the LANDSCAPE BLADE unit, there is virtually no flying gravel or debris damaging property, plants or even cars in parking lots. With the landscape blade unit, you target exactly what needs to be cut. Impressive cutting and edging around lawns, gardens, bunkers, sand traps and even under water along lakes and small bodies of water.

More power, durability, and engineering than ever before!

MAIN FEATURES

- Field proven low emission 2-cycle engine technology
 - IRON-5YR commercial warranty
 - Lifetime warranty on solid steel driveshafts
 - Adjustable throttle control, ideal for applications where full cutting speed is not desirable
 - Comfortable anti-vibration grip & waterproof kill switch
 - The Landscape Blade V features two independent round, tooth blades that move in “opposite” directions for smooth, clean cutting, no debris throwing
 - Maruyama has the only landscape blade unit that cuts in and around water without damaging the machine
 - Easy start system - spring assist technology for easy starting
 - Made in Japan
-
